

Easy-Test

Blood Glucose Monitoring System

Small in Size, Huge in Capacity

Carry your 1000 test results anywhere!

- 1000 memory with date and time
- Attachable to strip vial
- Fast testing time in 5 seconds
- Only 0.5 μ L blood volume required

SPECIFICATIONS

Measurement Range	20~600 mg/dL (1.1~33.3 mmol/L)
Specimen Type	Capillary Whole Blood
Alternative Site Testing	YES (palm, forearm, upper arm, calf, and thigh)
Calibration Against	Plasma-Equivalent
Test Time	5 seconds
Sample Volume	0.5 µL
Sensitivity in HCT Range	35-50%
Operating Conditions	10~40°C (50~104°F) / 10~85% R.H. Altitude ≤ 3,402 m (11,161 ft) above the sea level
Storage/Delivery Conditions	4~40°C (39~104°F) / 10~85% R.H. (strip included) -20~50°C (-4~122°F) / ≤90% R.H. (strip excluded)
Memory Capacity	1000 test results with date and time
Battery Type	3V Li-Battery (CR 2032) X1
Battery Life	1,000 times of measurements
Meter Dimensions	43 mm(L) X 37 mm(W) X 27 mm(H)
Expiration for test strip	Storage: 24 months In-Use: 180 days
